

QUESTIONNAIRE about the "2008 Update Version" software

This is an anonymous questionnaire for one or two users, designed to evaluate the effectiveness of the application and its content. Please answer all questions with as much detail and frankness as you can. If you wish to make additional comments about any of the questions, please send us an e-mail message at language@kawnation.com. Be sure to write the number of the question you are commenting on.

Even though the "2008 Update" is the final version, we can still post changes to our website, and we will be writing additional lessons in the future. Your answers to these questions will guide us in our future efforts to create language learning materials that are clear and comfortable for people to use.

Please fill out this form electronically, print it out, and mail it back to us by September 26 -- *even if it is only partially completed*. We need your responses for a final report that must be compiled and submitted to the Administration for Native Americans, the grant organization that funded the CD.
